

Attends® For Men

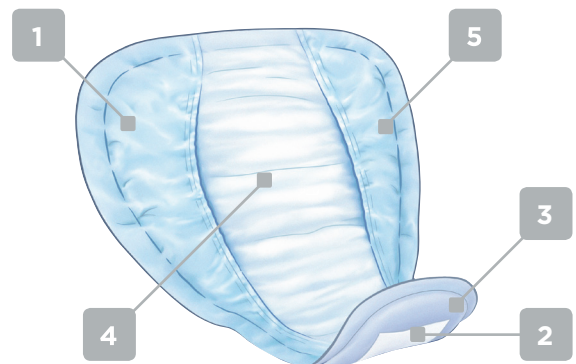

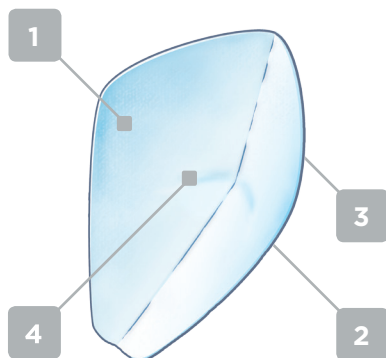

Attends - The system with 10 absorption levels for bladder weakness

Attends For Men are anatomically shaped shields designed for men with urinary incontinence.

Levels 1 and 2 are designed for men with post micturition dribble.

Levels 3 and 4 for men with light to moderate urinary incontinence.

- 1 Anatomically shaped for a close comfortable fit for the male anatomy and improved leakage protection.
- 2 Fixation tapes that allow the product to be worn with close fitting underwear and help to reduce the risk of leakage by ensuring the pad stays securely in place.
- 3 A soft breathable textile backsheet reduces the risk of rustle for extra discretion and improved comfort.
- 4 Airlaid core enables the product to be very thin for discretion yet highly absorbent for improved leakage protection, skin dryness and odour protection.

- 1 Anatomically shaped for a close comfortable fit for the male anatomy and improved leakage protection.
- 2 Fixation tapes that allow the product to be worn with close fitting underwear and help to reduce the risk of leakage by ensuring the pad stays securely in place.
- 3 A soft breathable textile backsheet reduces the risk of rustle for extra discretion and improved comfort.
- 4 Super absorbent core for improved leakage protection, skin dryness and odour protection.
- 5 Leakage barriers for improved fit and to reduce the risk of leakage.

Natural Odour Protection

Natural Odour Protection reduces the risk of unpleasant smells.

Breathable

The breathable back sheet enables the skin to breathe, which contributes to improved skin health.
